

# JOB OPPORTUNITY

## JOB OPENING—Landscape Technician

Location: UK (Glasgow or Warrington)

Neo Environmental, an award-winning planning and environmental consultancy, have an exciting opportunity for a Landscape Technician to join our landscape team, working on a broad variety of projects. The position will offer the right individual the opportunity to work for a well-established and growing planning and environmental consultancy.

The successful candidate will work on projects including residential schemes, infrastructure and energy projects. The ideal candidate will be able to work with a high degree of independence as well as in teams. The role will ideally suit an individual with experience of working on the planning stages of renewable energy projects.

### Duties

- Management of GIS data as well as producing GIS drawings.
- Production of 3D photorealistic photomontages
- Production of AutoCAD technical drawings
- Working as part of a multi-disciplinary team
- Working as part of the broader landscape team
- Production of conceptual/master plan

### Essential Criteria

- Previous AutoCAD experience is essential.
- ESRI ArcGIS experience
- Previous experience in a similar role
- Experience of Sketchup and Adobe Photoshop/ Illustrator
- Ability to follow instructions/briefs with a high level of attention to detail.
- Ability to work to tight deadlines and under pressure without compromising on quality.
- Creative flair and ability to present information in a visually attractive way.
- Eligible to work in the UK

### Desirable Criteria

- Strong scientific and engineering knowledge
- Experience of solar and/or wind farm projects

Salary Description: Dependent on experience
